

AQUATIC ECOSYSTEMS-

Participants will learn and see different types of ecosystems and what makes them unique. We will focus mainly on aquatic ecosystems allowing students to dig through our lake to find critters and amphibians. They will see different stages of life cycles and have the opportunity to kayak and paddle board on our lake. Bring a change of clothes or swimsuit and towel.

LAWS OF NATURE-

This theme will focus on motion, physics, the water cycle and physical and chemical changes. Guests will get to experience our double zip line and see a variety of experiments performed showing chemical and physical changes. All those planning to participate in the zip line are required to wear close toed shoes.

EXPLORATION DAY-

Let's go hiking! We will explore Caraways property, seeing different landscapes across the camp and experiencing different ecosystems in action. Participants will learn what to look for and reference in the situation of being lost in the outdoors on an interactive hike. The rockwall and cratestack will be activities this day. Closed toed shoes are required for those participating in the rockwall and cratestack.

PLANTS!-

There is more to plants than pretty flowers and delightful smells! This day focuses on teaching the basics of soil identification and the lifecycle of a plant starting with the first day of planting. We will cover decomposers such as fungi, bacteria and invertebrates and cover the importance of their role in the environment. Students will plant a seed of their own to take home and watch grow. We will take a wagon ride to show different plants and soil types on our very own property.

EXPERIENTIAL DAY-

Packed with experiments, recreation, and team building activities! Experiential day will be primarily filled with recreational activities such as team building games, archery and air rifles. We will facilitate a class primarily focused on Predator vs. Prey and food webs. This class includes a fun interactive game and dissecting owl pellets. Those wishing to participate in archery or air rifles must wear close toed shoes.
